Prologue

I God created heaven and
earth. I gave the Torah both
Written the Pentateuch and Oral
all the laws written later in the
Talmud to the millions of Jews
who left Egypt in the year from
creation 2448. All the Jews
present heard the first two of the
10 Commandments directly

from me God. They heard directly from me , not from Moses. “I am your God. You shall not have any other Gods other than me.”

In all courts of law in all civilized countries the testimony of two witnesses is accepted for civil business and criminal matters. Courts have handed down the death penalty based on the testimony of eye witness accounts. Certainly the testimony of 100 witnesses carries more weight than two witnesses. The

testimony of 1000 witnesses carries more weight than 100 witnesses. The testimony of 100,000 witnesses carries more weight than 1000 witnesses . Certainly the testimony of 1 million witnesses carries more weight than 100,000 . The testimony of 2 or 3 million Jews and non Jews present during the revelation of me God at Mt. Sinai 3326 years ago certainly is authentic and beyond any question. Year today 5774 from creation . Subtract Revelation at

Mt. Sinai year 2448 from
creation=3326 years.

At my order the Jews spent 40
years in the Sinai desert . During
those 40 years the Jews were
taught the Torah both Written and
Oral by Moses and the Elders .
What they learned the Jews wrote
down on manuscripts . I God
supplied them with food water
and papyrus pen and ink to write
what they learned. These
manuscripts were handed from

father/ mother to sons /daughters
during the time the Jews spent 40
years in the Sinai desert and
later when they entered the Holy
land.

The truth of this tradition is
the fact that for the last thousands
of years Jews have been
dispersed all over the world.
There existed no Jewish
Theocratic State that forced Jews
to observe Jewish law.

Nevertheless, Jews have kept all the rituals and moral laws of the Torah. If it was not for the fact that the evidence of the truth of the Torah is testified by each one's parents and grandparents going back till the time that Jews received the Torah at Mt. Sinai Jews would not have sacrificed their lives otherwise . They would not have elected to observe all the minute laws of the Chukim the rituals -that transcend rational explanation- other than that they were

ordained by me God. These include not only the rituals but also all moral ethical laws also enacted by all civilized societies that incorporated the Seven Nohadic Laws I God gave to Adam and Noah. Some of the rituals are circumcision kosher laws Sabbath and holiday laws and family purity laws.

The Seven Nohadic laws are [1] Not to believe and worship idols - Avodah Zoro [2] Not to swear falsely in the name of God or

h

curse God [3] Not to kill [4] Not to steal [5] not to commit adultery [6] To establish courts of law and police forces to administer and enforce the laws [7] not to be cruel to animals.

The Hammurabi Codes and Hittite Codes dating back to 1800 years after Creation or 2125 BCE that archeologists have found evidence embody some of the earliest codifications that incorporate the Seven Nohadic

Laws.

There exists certain individuals who are like elephants in a china closet. They are Jonnie come late -“ make belief scholars”who preach a make belief unproven “science”and exploit the common aura of being

1

“scientists”and preach a “modern gospel”. They postulate that their knowledge of what happened 3326 years ago in the year from creation 2448 or 1477 BCE - the year of the Exodus is superior than what Jews believe.

There exist archeologists who confirm that Jews were slaves in Egypt for over 200 years. They also confirm the ten plagues that forced Pharaoh to let the Jews go under the leader ship of Moses. They also confirm the fact that all

k

of Pharaoh's army drowned and were destroyed. Therefore Pharaoh was unable to proceed with his aggressive campaign against his neighbors following the exodus.

Archeologist have discovered papyrus that was scientifically dated 3326 years ago that confirm the ten plagues suffered by Egyptians.

They also discovered skeletons of thousands of infants that were

killed by the order of Pharaoh.

They also discovered paintings of Jewish slaves on ancient monuments dated to 3500 and 3400 years ago. That was the period Jews were slaves in Egypt.

However other archeologists who hate Jews and Judaism claim that they have no evidence that Jews ever were in Egypt.

When someone testifies that a

criminal was not at the scene of a crime .Unless the person testifying was present at that scene, his testimony is worthless and is disregarded. How does he know? We ask these archeologists who claim that Jews were not in Egypt 3500 3600 years ago how do you know? Were any one of you present 3400 3500 years ago in Egypt? How do you know ? If you were present and did not see any Jews and report today then we can possibly believe you. But

you were not there . How do you know?

Furthermore other archeologists contradict you. Why should we believe you? Furthermore , archeologists have unearthed letters from the residents of Caanan whom the Jews conquered in 2489-2483 . These letters are addressed to Pharaoh begging him to send his army to stop the Jews who had departed Egypt 40 years earlier.

This is the same as one living 200 years ago saying that it is impossible for man to fly. Of course , 200 years ago mankind did not possess the technology and knowhow to fly - it was impossible. Or a physician saying that no cure exists for a disease. and the patient will die. All that the Dr. is saying is that HE does not know. It does not mean that there **does not exists or will never exist a cure .**

So too, all that these archeologists who deny Jews were in Egypt are saying that **THEY can not find evidence. It does not mean that evidence can **NEVER** be found.**

In the last part of the 19th century archeologists claimed the the Jewish Bible was written not by Moses but 1000 or 1500 years after the Exodus from Egypt and Moses. The reason

given is that Semites learned writing from the Greeks, who first developed the skill 1500 years later than the time of the Exodus and Moses.

However in 1910 archeologists discovered in Iran Iraq 10,000 tablets written by Semites - the Hittite tablets regarding jurisprudence dating back to 2124 BCE. Thus at the time of the Exodus 2448 from Creation or 1476 BCE and the 40 years that the Jews spent in the Sinai desert

2448-2488 or 1476BCE -1436
BCE Jews who are Semites knew
the skill of writing.

Archeologists further
confirmed that it was the Greeks
who learned from Semites to
write.

Furthermore , one must
remember that archeologists can

not track miracles and the hand of God. So all the miracles that occurred at the Exodus the crossing of the red Sea the drowning of the Egyptian army the 40 year journey in the Sinai desert the conquest of Canaan by an inferior army of Jews were all miracles . None of them lent themselves to tracking by archeologists.

Likewise , another elephant in a

China closet is the attempt of Bible critics to challenge the authenticity of the Divine character of the Pentateuch. These geniuses suddenly announce that they discovered a different spelling for God's name . What these idiots fail to comprehend is that each variant spelling denotes a different quality that man senses when he /she experiences the Divine, Elokim denotes the quality of Power of God . Hasem denotes the quality of Mercy . These

morons who are total ignoramuses in their theology of Judaism expose their stupidity and ignorance with their pronouncements. Their motive is to strip the Jew from his contribution to the world of monotheism and the heritage of the Bible that is the divine foundation for Judaism Christianity and Islam .

Further more, it must be remembered that all historical records of ancient Egypt have

been destroyed in the last 3000 years by earth quakes fires and wars.

Earth quakes and other fires destroyed all the books and scrolls of the Persian

Empire . What ever were not destroyed by earth quakes and fires were destroyed by the armies of those empires that conquered Persia.

Alexander the Great destroyed

burned all the books and scrolls
of the Persian Empire that he
conquered

The great library at Alexandria
that housed 700,000 scrolls from
Persia Greece India Rome was
burned once by Julius Caesar .
The remnants and replacements
were burned by orders of the
Coptic Christian Pope in 490 . In
740 what remained of the scrolls
in the library were burned by
order of the Muslim conquerors.

All the libraries and hundreds of thousands of scrolls at Rome were burned by Emperor Nero who played his harp while Rome burned.

Scrolls and books that replaced a those burned were destroyed by the Barbarians Vandals and other armies that destroyed the Western Roman Empire beginning in 450ACE.

Thus ancient Greek Persian Roman history in our hands today is more fiction than facts. It is a fiction in a historical setting. All the dates and chronology are mere guess work. It is an open field. Each historian moves the characters and chronology as toy soldiers according to his agenda that he wishes to promote.

History is propaganda to

promote the historian's agenda of the present and what he wants the future to be from the make belief of the past.

God created man/woman in His image . Historians create fiction that they pass off fraudulently as “facts” in their image and agenda.

The modern used chronology of Persian Greek Roman history was first formulated in the 1700s.

The use of the Gregorian calendar counting all dates from BCE or ACE did not come into use till the 18th 19th and 20th Centuries. Even Christian countries slowly adopted this dating system over a period of 1000 years.

Thus the dating and chronology by non Jews of Alexander , Julius Caesar, the building and destruction of the First and second Jewish Holy Temples commenced no earlier than the 1700s.

Thus any conflict of chronology between Jewish sources and hundreds or thousands of non Jews is to be decided in favor of the Jewish dating. Jews from day 1 have a sacred religious commitment of counting the years from creation as year 1 .

We have shown in Books 33 34 35 the Chronology of Jews since year 1 to year 3828 -the year the 2nd Temple was destroyed by Titus the Roman General who later became emperor. We showed the destruction and defeat of Bar Kchvo in the revolt against Rome 60 years later. The destruction of the 2nd Temple occurred 96 BCE . The crushing of the revolt against Rome occurred 36 BCE. Thus when Jesus was crucified by the Romans in 30 or 32ACE there

existed no Temple. Jews were not permitted in Jerusalem. So how can one say that Jews crucified or agitated for his crucifixion? There was no Temple and there were no Jews around.

The Gospels we have today were edited and assumed their present form in the year 500 ACE At the order of the Pope and Bishops at a Synod in the year 500.

All other versions were

declared heresy and were burned . Even the writings of Origen a great Church scholar living in 200 or 300 ACE were declared heresy and burned. The libel that Jews are responsible for the crucifixion was first given official Church recognition at the Synod in 500 ACE.

The chronology and characters both Roman and Jewish Kings and emperors was woven into the New testament at the orders of the Pope and Bishops at the

Synod of 500 ACE.

Thus the dates chronology and Kings and emperors and scholars-Jewish Roman Greek Persian listed by the New Testament and historians are not to be taken as the Gospel.

The Jewish version is the most reliable and authentic source. conflict with our Jewish that as I described in my books 33 34 and 35 that appear on the internet

when one goes to Google and
types in god life jewish isreal.

THE BOTTOM LINE IS :

those individuals who challenge
the Jew's credentials and rights to
the land of Israel today because
Jews are responsible for the
crucifixion and thus lost their
right as the Chosen people and
the promise of God to Israel are
one trillion percent wrong.

Netzech Israel LO Ishaker.
Eternal Israel does not lie.

Further proof that the Jews physically were in Egypt and then left and remained in the Sinai desert can be gleaned from the following testimony:

We will bring the evidence from anti-Semites themselves.

On or about the time of the destruction of the 2nd Temple in the year from Creation 3828 or 96 BCE there lived in Alexandria Egypt an anti-Semite by the name of Apion. Apion was one of many anti-Semites who slandered

and libeled the origins of Jews .
Apion and the other anti-Semites
charged that Jews were lepers
living in Egypt. They were

expelled by Pharaoh in the year
of creation 2448.

Apion headed a delegation of of
other anti-Semites to Rome to
urge the Roman emperor to
curtail the power and privileges
of the Jews in Alexandria and

other Egyptian cities. Egypt at that time was under the domination of Rome.

The Jewish delegation who opposed the Anti-Semites was headed by Philo the famous Jewish philosopher. The Jews lost. It was not until the death of The Roman emperor and the installation of a new Roman emperor that the Jewish rights and privileges were restored.

Josephus who survived the revolution against Rome in 3828

from creation or 96 BCE wrote his 20 books of Jewish history philosophy and religion. One of Josephus' books is called "Against Apion". Josephus demonstrates the fallacy of the libels of Apion.

However if Jews never had lived in Egypt Apion and the other anti-Semites would not have had any reason to twist the reason for the exodus from Egypt. They could just remain silent.

Remaining silent about Jews and their accomplishments is tantamount to eradicating any trace of Jews.

Anti Semites through out the generations used this strategy to eradicate Jewish accomplishments. Even in the twentieth Century many textbooks and books omit any mention of Judaism Jewish philosophy Jewish religion and

Jewish contribution to science. Even after the holocaust in the Ukraine Russia where the Nazis murdered thousands of Jews memorials are made to the atrocities of the Nazis against Russians. Jews are not mentioned.

There existed a period in USA history in the twentieth Century that Jews could not receive a post as professors of philosophy. The Anglo Saxons feared that Jews would corrupt the contemporary

prevalent philosophy of the superiority of white Protestant Anglo Saxons. When a Jew a Rabbi was invited to the White house in the 1870s to give the benediction at the installation of a new President , the Episcopalians Church USA complained of the recognition granted to Jews.

There exist two kind of Anti-Semitism one active and the other by omission.

Through out the last 2000 years Jews have been killed and their books burned. Those who don't do this just ignore to death the Jew and his books.

Today some companies and publishers just don't mention the

existence of Israel.

The whole world suddenly have an attack of amnesia. They forget that Jews lived in historical Israel and Jerusalem since 4000 years ago since Abraham and 2488 from Creation or 2886 years ago when they conquered Israel from the Cananites . Jews are not occupiers in Judea Samaria Gaza and Golan and historical Jerusalem.

Netzech Israel lo Ishaker. Eternal Israel does not lie.

Most authors for the last 1700 years have not dared correlate all the theology of Christianity with the Eastern and Mid Eastern mystery religions. All of them like Christianity have an immaculate conception of the man god. The man god is born and angels herald his coming . The man god antagonizes the ruling group in power and threatens the status quo. He is

tried found guilty and is crucified or buried alive or tortured to death. For three days the man god lies dead. He then is resurrected flies to heaven and joins the Father and Holy Ghost in a Trinity or a larger pantheon of Gods and Goddesses.

The ancient Egyptians had the mother of the man god called Maria Isis. The man god was called Horus. Paintings found in an underground cave in Rome refer to the Egyptian Maria Isis as the Maddona.

The Budhists have their brand version with Buddah being fathered by the elephant god. His mother was also a married virgin like Mary the mother of Jesus. Her name was Maya.

The Hindus have their brand version similar to the Christian version.

The Romans and Greeks have their brand of the generic man god story. The only difference

between all the brand versions is the name of the man god the name of his mother and the situs where the man god performs his mission on earth and meets his death . The Greek and Roman man god was called Dyonosos. He was the son of Zeus for the Greeks and Jupiter for the Romans.

The ancient Babylonians also had a brand of this generic man god story. In the Bible Ezekiel chapter 8 mention is made of this

fact. In all the religions the man
god dies to forgive mankind from
original sin of Adam and Eve
eating from the tree of wisdom .
In all the religions the snake is
the devil or the anti-Christ.

The correlation and identical
nature of the prayers and rites of
Christianity to the Mystery
religions is simply never
mentioned in practically all books
discussing Christianity .Thus by
being silent of this correlation
the concept of the origin of
Christianity is put to sleep and

removed from discussion.

All the Pharaohs of Egypt believed that they were man gods .

Alexander the Great believed that he was a man god and ordered his troops to worship him. In the ancient world many philosophers were worshiped as man gods . Aristotle , Plato and the Roman emperor Augustus who gave Rome the Code of laws civil and criminal is referred as god the son of god It was during his reign and the reign of his

successors for a period of 150 years that the ancient world saw peace on earth-no wars. Never in 5000 years of recorded history ever existed a period of peace with the lone exception of this period.

History is falsified either by brazen lies repeated continuously or by applying the silent treatment.

The same is true today with the

entire world going into amnesia and forgetting the historical connection of the Jews to Jewish Israel. Jews are accused of being occupiers in historical Judea Samaria Gaza Golan and Jerusalem. 4000 years of Jewish history is wiped clean. My books 33 34 35 36 on the internet discuss this matter extensively. Type in google god life jewish israel by moshe siselsender click on agunah and you will find my books.

There exist further proof from

outside sources that Moses was adopted by Pharaoh's daughter. The name Moses means son in Egyptian . The Egyptian Pharaoh at the time of the exodus was either TeoMoses or Ramoses . In the film Ten Commandments the name of the Pharaoh is Ramses . That is Moses without the vowel of o after the m . Ramoses= Moses means son Ra means sun. The Egyptians believed that the sun is a god Ramses was the son of the god Ra.

When Pharaoh's daughter

rescued the Jewish infant lying in a tiny box in the Nile she immediately fell in love with the infant and gave him a name Moses that means son. Just like one calls their father“ father” and their mother “mother”, so too, everyone addressed Moses“Moses”or son .

According to Egyptian sources Pharaoh’s daughter even when she married and became a pharaoh -could not bear any children. So, she decided and

made a will that when she would die that her adopted son Moses would become the next pharaoh. However she did not reign by herself. Her half brother also was a co-regent. When pharaoh's daughter died he wanted to kill Moses. When Moses killed the Egyptian who beat a Jew , the co-regent used this occasion as a pretext an excuse to kill Moses.

That is why Moses decided to escape to Midian .

Jewish sources do not have this story that Pharaoh's Daughter became a ruler and made a will appointing Moses as her successor. Therefore the part that the half brother wanted to kill Moses to remove him as a possible rival falls away.

Jewish sources claim that Pharaoh's daughter called Batyah daughter of God joined the Jews at the time of the Exodus.

Moses stayed in Midian many years and was very popular.

‏ In time he met and married Tzipora the daughter of Yisroh . Moses tended the flock of sheep of Yisroh. When one of his sheep wandered into the desert Moses was struck by the vision of the burning bush that burned but was not consumed. God revealed Himself to Moses and ordered Moses to go to Egypt and confront Pharaoh to let my

people- the Jews go.

Moses went to Egypt and together with Aaron pleaded before Pharaoh.

Moses performed his first miracle by tossing his cane to the ground . The cane turned into a snake. The Egyptians worshiped snakes as gods. The Egyptian magicians in turn threw their canes to the ground and they too, turned into snakes. Moses' snake

swallowed all the other snakes.

When Pharaoh was unmoved Moses waved his cane over the Nile and all the water turned to blood. The Egyptians worshipped the Nile a god. When God turned the refreshing water of the Nile to blood God showed that He was superior than the Nile god.

When pharaoh was still unconvinced Moses then waved

his cane and all the frogs left the waters and all of Egypt was

infested with frogs. The Egyptians also believed that frogs were gods. Thus God demonstrated that their frog gods were not benevolent.

When Pharaoh remained unconvinced Moses waved his rod and all the other plagues one

by one struck the Egyptians.

Each one of the plagues represented a blow to one of the forces in nature whom the Egyptians worshiped as gods. God wanted to demonstrate to the Egyptians and to Pharaoh that none of his gods would save the Egyptians.

Finally when Moses threatened that all the first born would die in the tenth plague Pharaoh feared for his life. Exactly at midnight

Passover eve all the first born Egyptians died. Pharaoh who also was first born feared for his life and ordered all the Jews immediately leave Egypt. That was the exodus in the year from creation 2448.

Pharaoh not learning his lesson relented his decision to let the Jews go. He mobilized all his army and cavalry and chariots and gave chase to the Jews who were banking in front of the Red Sea . As the Egyptian troops

near God commanded Moses to wave his rod over the waters of the Red Sea. At that instant the waters of the Red Sea split, providing a path for the Jews to cross to the other side. The Egyptian army followed in hot pursuit. God ordered Moses to wave his rod again at the Red Sea. Immediately the water returned drowning all the army of the mighty Pharaoh.

Pharaoh himself was saved. He returned to Egypt finally

acknowledging that the only God was the God of the Jews. That the Jews were indeed the chosen of God.

Years later the Jews were in the desert . The Jews were a rebellious unbelieving group of individuals who tested God's patience ten times. Jews were and remain the last people in the world who would believe a leader. Jews must see themselves with their own eyes. That is why it is the height of

ridicule to postulate that God did not reveal the Torah to Jews. To state that Jews blindly adopted the word of Moses or later leaders like Ezra 970 or 1000 years later and swallowed the ritual laws is talking out of one's hat. Jews in a zillion years are too smart non believers sceptics and would never accept such laws that make up Judaism. It is only because they tested God 10 times and were convinced that all the rituals were in fact the word of God that they and their children

to eternity accept Judaism.

At one such occasion God as punishment unleashed poison snakes to bite the rebellious Jews. When the Jews repented , Moses made a copper snake and hung the snake on his rod and placed the rod with the copper snake on a mountain top in front of all the jews who were bitten by the poison snakes. Moses ordered the bitten Jews to gaze at the image of the copper snake. All who gazed at the copper snake were

immediately cured.

Since the time of Moses and this episode up to today it has become internationally accepted as a symbol of healing- a snake encircling a rod .

Thus this symbol provides further proof that there did exist an Exodus from Egypt and that the Jews did remain many years in the desert. The Jews always were and remain a stubborn unbelieving people who trust no

one's say so unless they themselves can understand and agree. This stubborn trait has been both the reason for their misfortunes and longevity. That is the naturel explanation why Jews are so smart so creative undaunted what the whole world believes or declares.

The four books of the
Pentateuch Book II , III . IV. V

relate the stories of the Jew's rebellion against God. They tested God and would not accept the authority of Moses and the appointments made by Moses of his brother Aaron to serve as high priest. God had to personally intervene and demonstrate that the appointment of Aron was not the personal choice of Moses , but the will of God. God ordered all the dissenters who challenged the appointment and Aaron to deposit their canes in the Tabernacle. God stated that the

cane of the individual whom he chooses to be high priest will blossom and bear fruit. After all the canes were deposited only the cane of Aaron blossomed and bore fruit. So the dispute was settled. The four books of the Pentateuch Books II, III, IV, V are full of stories how Jews consistently refused to accept even God's word. Certainly Jews would not accept the word of mortals unless they understood and accepted the proof. They rebelled and wanted to return to

Egypt numerous times.

Immediately following the Revelation, Moses ascended to Mt. Sinai for 40 days and 40 nights. Moses did not eat or drink. God revealed to Moses the entire Torah . All the interpretations and 70 different faces of interpretation of the Torah.

When Moses remained longer than he promised , the Jews rebelled and forced Aaron to

create an golden calf that they worshiped as a god.

Thus the Jews forced God to reveal Himself and punish them for their transgression. However this incident showed their independent nature of not accepting anything that they did not understand.

Again when there was no water to drink, the Jews did not sit idly by and hope for miracles. The Jews were very vocal and

complained. GOD ORDERED Moses to strike a stone . Moses struck the stone and water started to flow as a great stream that provided water for all the Jews. God rained Manna down from heaven daily that provided food for all the Jews. The Manna had the taste of the food that one wished to eat. If one wanted steak, the Manna tasted as steak

However the Jews were not satisfied with the Manna and they wanted real meat. They

again complained and threatened to return to Egypt.

God then had a great storm sweep in millions of birds that the Jews picked and ate.

There were Jews who challenged the authority of Moses. They complained that any one could be a prophet, not only

Moses .

Moses agreed and many worthy Jews began to become prophets.

In an other instance Korech and 250 followers challenged the competence of Moses and denied that Moses had Divine authority. God was very angry.

A miracle occurred and suddenly the earth opened its mouth and Korech and his 250 followers were swallowed up. The sons of Korech repented At

that instant instead of sinking into the earth, they landed upon a rock and were saved.

In an other instance Balak a king who feared the Jews would annihilate him hired Billam a non Jewish prophet to curse the Jews. Billam a non Jewish prophet agreed to challenge the Divine mission of Moses . He too , possessed Divine powers.

He embarked on his mission. It was a battle of the Titans . However God had other plans. Whenever Bilam wanted to curse

the Jews, God twisted Bilaam's words and instead of a curse a blessing and praise of the greatness and future victory and grandeur of Jews came out of Bilaam's mouth.

God never overlooked any one, not even Moses. When Miriam the sister of Moses died the rock that supplied the Jews with water stopped supplying water. God ordered Moses to speak to the rock to give water. Moses spoke to the rock , but water did not

flow. Moses then struck the rock with his cane and water started to flow. God was angry that Moses did not follow his order. Moses should have continued to speak to the rock, instead of relying on brute force. Moses was punished and had to die in the desert and not bring the Jews to the promised land.

In the very beginning of the 40 years of wandering in the desert God ordered Moses to dispatch

12 scouts , one from each of the tribes to survey the promised land and report back. Ten of the twelve scouts were awe stricken by the powerful residents of the promised land. They reported back that the residents were too powerful for the Jews to battle. “We were like grasshoppers in comparison to the residents. We will never be able to conquer them. ”

All the Jews immediately began to cry and staged a revolt

against Moses with a battle cry to return to Egypt. That outburst and rebellion sealed the fate of the Jews to wander in the desert 40 years- a year for each day the scouts spent in surveying the promised land. God was angry because the Jews lacked faith that God would perform miracles and although they were militarily inferior , they would succeed.

Some Jews would not accept their decree of wandering 40 years in the desert. They were determined to immediately battle

the residents of the Promised land. Moses warned them that they would fail and be killed. Again, they defied Moses. They went on their own to battle. However, they were overwhelmed and all slaughtered •

Thus the Jews demonstrated their trait of not believing any one , including God unless they

themselves understood and agreed.

Thus to argue that God did not give the Torah , but the Jews swallowed all the irrational rituals of Judaism from leader like Moses or Ezra 770 to 1000 years later is the height of stupidity and displays total ignorance of the mind set of Jews.

Although God punished the Jews for their rebellion, God nevertheless loves all of his children non Jews and Jews who think for themselves and are not robots. God favors people who use their own head . One of the attributes of God is Chochmo wisdom. God loves all people who possess wisdom and fuse wisdom with mercy. All mankind is mandated to imitate the attributes of God. Just like God fuses power and wisdom with mercy and compassion; so

too man/woman must fuse
wisdom power with mercy and
compassion.

US Military Chiefs Advised Again Samaria Pullout in '67

Declassified document obtained by Arutz Sheva shows Israel must not give up Judea, Samaria.

By Arutz Sheva staff

First Publish: 12/16/2013. 6:37 PM

The heads of the US Joint Chiefs of Staff were of the opinion, shortly after the 1967 Six Day War, that Israel cannot afford to give up Judea and Samaria, for strategic reasons.

A **declassified document** obtained exclusively by Mark Langfan for *Arutz Sheva* reveals that the military opinion of the US military leadership after the war is in line with that of present-day nationalist Israelis who say that Israel must not, under any circumstances, relinquish co Valley. In fact, the map drawn by the Joint Chiefs show swathe of land that stretches from the Jordan River in the north to the center of the mountainous ridge in Judea and Sa

From map drawn by US Joint Chiefs of Staff

Arutz Sheva analyst Langfan pointed out Monday that the US military have become more "leftist" than the US generals were in 1967. Israel's safety. The military reportedly is willing to cede Samaria to the Palestinian Authority and maintain only a small presence along the Jordan River. US Secretary of State John Kerry said he would accept this deal.

Under the subheading "requirement," the document, dated June 29, 1967, states that "A boundary along the crest of the ridge overlooking the Jordan River from the west could provide a 'line' for Israel. However, 'as a minimum, Israel would need a line generally along the axis Bardala-Tubas-Nablus-Bira-Jerusalem to the northern part of the Dead Sea.'"

WASHINGTON, D. C. 20315

JCSH-371-67
19 June 1967

MEMORANDUM FOR THE SECRETARY OF DEFENSE

Subject: Middle East Boundaries (U)

1. (S) Reference is made to your memorandum dated 17 June 1967, subject as above, which requested the views of the Joint Chiefs of Staff, without regard to political factors, on a minimum territory, in addition to that held on 4 June 1967 might be justified in retaining in order to permit a more effective defense against possible conventional Arab attack and terrorist raids.

2. (S) From a strictly military point of view, Israel requires the retention of some captured territory in order to provide militarily defensible borders. Determination of what to be retained should be based on accepted tactical points, such as control of commanding terrain, use of natural obstacles, elimination of enemy-held salients, and provision of defense depth for important facilities and installations. None of the discussions of the key border areas mentioned in the memorandum contained in the Appendix hereto. In summary, the views of the Joint Chiefs of Staff regarding these areas are as follows:

a. The Jordanian West Bank. Control of the remaining ground running north-south through the middle of West Bank generally east of the main north-south highway along the Jenin-Ramla-Bir-Jerusalem and then southeast to a juncture with the Dead Sea at the Wadi el Harek would provide Israel with a militarily defensible border. The envisioned defense line would run just east of Jerusalem; however, provision should be made for internationalization of the city without detriment to Israel's defensive posture.

b. Syrian Territory Contiguous to Israel. Israel is particularly sensitive to the prevalence of terrorist and border incidents in this area. The presently occupied

c. The Jerusalem-Letrum Area. See subparagraph 2a. above.

4. The Hegew-Linal Border. Except for retention of the demilitarized zone around Al Anja and some territory for the protection of the port of Filet, discussed below, continued occupation of the Sinai would present Israel with problems outweighing any military gains.

3. (3) It is emphasized that the above conclusions, in accordance with your terms of reference, are based solely on military considerations from the Israeli point of view.

DISCUSSION OF KEY ISRAELI BORDER AREAS

1. (S) The Jordanian West Bank

a. Threat. The Jordan-Israeli border is 375 miles in length extending from the Gulf of Aqaba northward to the Dead Sea, thereby following the political demarcation lines and the Jordan River northward to the Yarmuk River, thereby along the

Yarmuk River to the Syrian frontier. This border area has traditionally been lightly held by military forces and defenses consisted mainly of small, widely separated outposts and posts and, therefore, afforded an area where infiltration of saboteurs and terrorists into Israel was relatively easy. During the period January 1965 to February 1967, a total of 54 incidents of sabotage and mining activity took place along the Jordan. These activities resulted in three killed, 11 wounded, and damage to houses, roads, bridges, railways, and water and electric power installations in Israel. Incidents of sabotage of small arms fire occurred quite frequently. The majority of these events took place from the Mount Paran and Hebron areas where the Jordanian authorities did not take sufficient measures to protect against infiltration and sabotage. A high ground running north-south through the middle of west Jordan overlooks Israel's narrow waistline and offers a route for a thrust to the sea which would split the country in two parts.

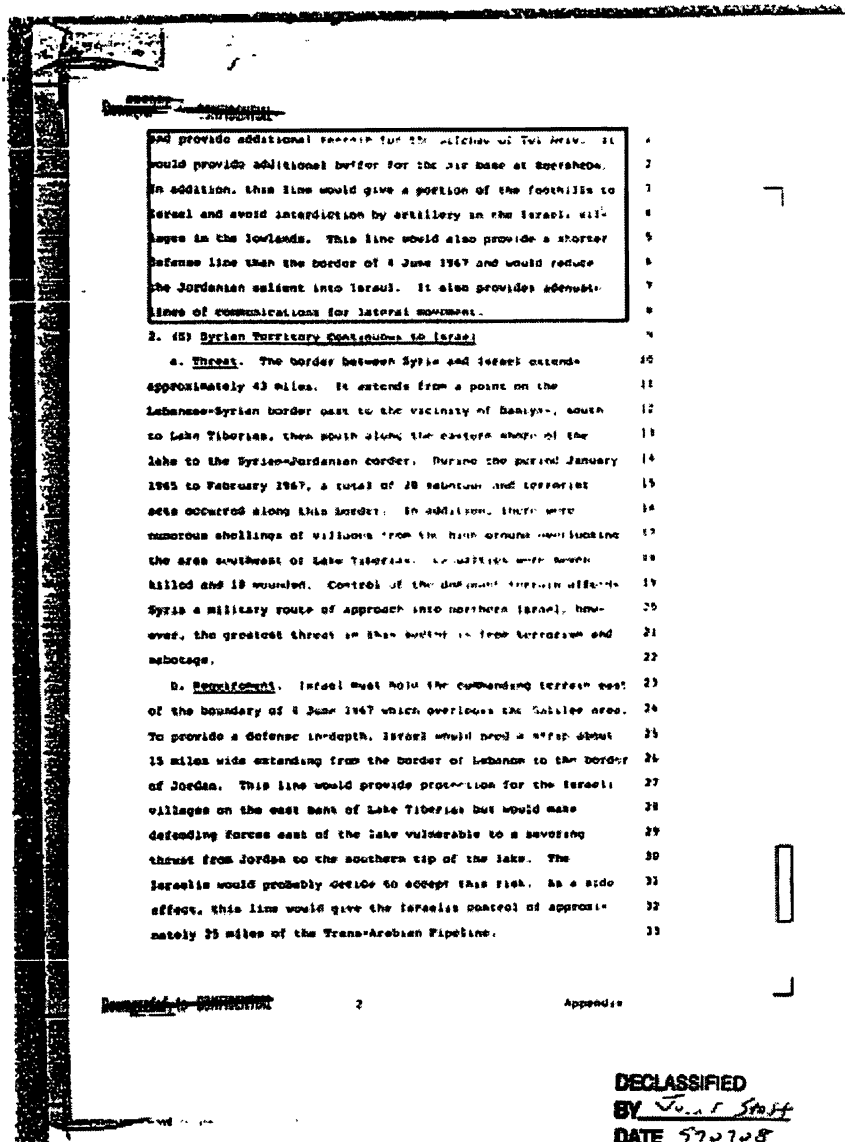

b. Recommendations. A boundary along the commanding terrain overlooking the Jordan River from the west would provide a shorter defense line. However, as a minimum, Israel would need a defense line generally along the axis Be'er-Sheva-Nablus-Birza-Jerusalem and then to the northern part of the Dead Sea. This line would widen the narrow portion of Israel

Op-ed: Ramallah's spokesmen, media planting idea to kill Jews in minds of 'lone' terrorists

The lone terrorist who murdered a soldier in Afula is not as alone as may seem. Someone planted the idea to kill a Jew in his mind. That someone also planted a similar idea in the minds of other lone terrorists who have operated here in recent weeks, leaving behind as many as four bodies of Jews: The Ramallah authorities.

Ramallah's media and its official spokesmen are running an advanced system of Israel hatred. They are taking advantage of the outrageous shortage of Arabic speakers in Israel in order to frantically incite against us.

The vast majority among us doesn't understand what they are saying about us in the Palestinian media outlets. To tell you the truth, we don't even have the energy to listen or read when it is translated to us.

Terror on Rise

[Full story](#)

Does anyone know, for example, that a children's show on Abbas' television channel presented an illustration describing the devil and the Jews as allies? Did anyone hear the Palestinian minister of religious affairs declare this week on that same channel that Muhammad and Arafat were both poisoned by Jews?

The terrorist from Afula must have heard it. Only a consistent drizzle of words of incitement can explain how a 16-year-old boy leaves Jenin for Afula in the morning with an amazing agenda: To find a job or stab a soldier.

Two weeks ago, he saw on television the warm reception organized by Abbas for the senior terrorists released and realized that their way was the right way. He may have also had the chance to watch a soccer tournament in which three teams were names after senior terrorists who became "shahidim" (martyrs). Just imagine what would

happen over here if the Maccabi Baruch Goldstein team or Hapoel Natan-Zada would show up for a certain soccer tournament.

From time to time, the Israeli government voices its protest against this incitement, but for now this protest is just for the sake of protocol. The fact is that the strongly protesting government continues to negotiate with the system describing it on its TV as a Satan worshipper.
