

# International Law

# International Dictatorship?

Moshe Siselsender Book 967

International law is an other synonym for international religion .

God gave Adam and later to Noah the Seven Nohadite Principles

[1] Belief in God as the authority for all law.

[2] not to kill

[3] not to steal

[4] not to commit  
sexual crimes

[5] not to be cruel to  
animals

[6] establish legislation  
and establish courts of  
law

[7] Establish police force army navy to enforce the laws.

These are the fundamental principles of all laws.

— Each nation or group of nations or universally man is free

to flesh out these es principles providing there exists no discrimination on basis of religion national origin gender color of skin diability or age.

Hamurrabi 4000 YEARS  
AGO the emperor of

Mesappotomia [Iraq  
Syria Iran Lebanon]  
formed his code.

\_\_\_ In 1910  
archeologists  
discovered 10,000 clay  
tablets of his laws. They  
represent the earliest

codification of the  
Nohadite laws.

The Ten  
Commandments are a  
summary of the  
Nohadite laws and an  
addition to the Seven  
Nohadite Laws. - They  
clearly enumerate the

Seven laws . They add  
the[1] Commandment  
of honoring and fearing  
parents[2] They  
establishes two  
Commandments  
regarding relationship  
with God [a] not to  
worship idols [b] not to

take the name of God  
in vain. God punishes  
the third and /or fourth  
generation of those  
individuals and their  
offspring who  
desecrate God's laws.  
God heaps eternal  
rewards and eternal life

those who obey. [3]

God designates the

Seventh day as the

Sabbath . This law is

binding only for Jews.

Non Jews do not have

to observe the Sabbath

as the seventh day.

[4] The Ten

Commandments also  
include the prohibition  
against perjury.

[5] They also include  
the prohibition against  
desiring the spouse and  
or the property  
belonging to an other.

the Ten

Commandments do not

spell out the

prohibition against

cruelty to animals.

However, this

prohibition

nevertheless, remains

in force.

As a matter of fact all  
the Seven Nohadite  
Laws remain in force.  
They are operational  
even if a doubt exists if  
a baby is viable before  
they are born, it is  
considered murder to  
abort them.

All Jewish ritual laws

kosher laws Sabba Laws

Niddah laws

prohibition of sexual

relationship with one's

wife for 14 days

following her period

until she dips in a

Mikvah or river or

ocean following the 12

days. All these laws are

operational by Divine

law only when we are

100% certain that there

exists a ritually

forbidden situation.

However if there exists

any doubt the

prohibition is only

Rabbinical. In the case

of great and dire

hardship the rabbis will

grant an exception a

dispensation to

Rabbinically forbidden

laws. If there exists a

dispute if a law is

Divinely ordained or is

only Rabbinical and

there exists a minority

opinion of even one

authority that rules

that the law is

Rabbinical we will

adopt the lenient

position in case of dire

and great suffering, if

not adopted. C r in the

case of illness even if it

is not life threatening.

If it is life threatening

we will permit <sup>R</sup> the

violation of all alws.

Saving of every human

life -regardless of

religion gender color of

skin national origin

disability age trumps all  
laws.

The Talmud and 4  
codes of ~~Jewish law~~  
represent a n  
expansion of Nohadite  
Principles for all people  
Jews and non Jews.

Jewish law is really  
1zillion % International  
law.

Greek and Roman law  
borrowed 100% of all  
their laws from Jewish  
law. Persian Hindu and  
Buddhist law borrowed  
100% of all their laws.

Babylonians Assyrians

were empires and

conquered the world.

The laws they enforced

upon their subjects all

stem from Jewish Law.

Rome conquered

England and left Roman

law .English law

therefore is 100% from  
Jewish law. The laws of  
England France Spain  
Portugal all stem from  
Jewish law. These  
countries colonized the  
North Central and  
South Amerricas and  
transmitted their laws.

Thus the laws from the  
Americas are really  
Jewish laws.

International law  
today 2017 represents  
hodgepot of laws voted  
on by nations to flatter  
the Arabs and are

1MILLION % ILLEGAL  
NULL AND VOID.

All of these laws were  
enacted to delegitimize  
Jews and the State of  
the Jew Israel.

Each of these laws  
contradict the  
experience and practice

of the Arab countries  
since the State of Israel  
was reborn in 1948.  
The international laws  
contradict the explicit  
conduct of the Arab  
nations against their  
Jewish population .

Jerusalem.

After Israel won these  
landin 1967 to counter  
the aggressive war of  
the Arabs to destroy  
Israel. Again in 1973  
the Yom Kippur War.

The Arabs launched  
these wars in 1967  
and and 1973 to  
annihilate Israel and kill  
all the Jews. Now the  
Arabs using their  
economic power gang  
up in the United  
NATIONS AND Securirty

Council to create  
“international laws” to  
deligitimize Isreal’s
